

XV. Punctuality

For every wedding, a 90-minute period is allotted. This is to ensure that all weddings have adequate time for the seating of guests, the bridal procession, and the ceremony itself, as well as a small time to chat after the ceremony.

Please be punctual. If you arrive late, parts of your ceremony will be cut so we don't run overtime. This is simple courtesy for the next couple who we will not penalize because your wedding started late. If your wedding is the last wedding of the day, this also applies to you.
